

The Terminal boosts and advertises Richmond, directly increasing your property values.

# RICHMOND TERMINAL

The Terminal is the oldest newspaper in Richmond and has the confidence and support of pioneers.

Vol. XVII

RICHMOND, CALIFORNIA, FRIDAY, JANUARY 9, 1920

No. 2

## Labor Council Elect Good Men to Office

### All Loyal Citizens and Representatives of Labor

There was a big turnout at the Labor Council Wednesday night, the attraction being the semi-annual election of officers. The following were elected:

William Cramer—President.  
Jules Scarceriaux—Recording Secretary.  
Joseph Leber—Financial Secretary.

Joseph Sharp—Sergeant at Arms.  
P. T. Duffy—Trustee.

The election of business agent will take place January 29, when the building trades elect.

Fred W. Heckman, the present business agent, will have competition for this office, now that the salary is advanced so that there is something in it. There are two candidates from the carpenters for the place, besides others who would accept if favored.

Heckman has "built up" the job, and has given the labor movement in Richmond excellent service from every angle. It will take a strong man to defeat him, for his record is clear and his friends many.

### Odd Fellows Install

Eclipse Lodge No. 403 and Zephyr and Richmond Rebekah Lodges held joint installations Monday night as follows:

Eclipse Lodge No. 403—N. G., C. Belshe; V. G., L. Stollmeyer; Rec. Sec., Stewart Perry; Fin. Sec., R. E. Redman; Treas., G. T. Stanley; Warden, H. E. Houseman; Conductor, A. Finley; Chaplin, H. Somerville; R. S. S., Audrey Wilson; L. S. S., Charles Smith; R. S. to N. G., Macdonald McClellan; L. S. to V. G., Fred Brown; R. S. to V. G., H. E. Hutchins; I Guard, Alvin Hancher; O. Guard, N. B. Tiller.

Richmond Rebekahs—N. G., Alice Donnewirth; V. G., Carrie Spierck; Warden, Mrs. J. W. Shell; Conduetress, Mrs. Youd; R. S. to N. G., Mrs. Alderson; L. S. to N. G., Mrs. D. A. Harvey; R. S. to V. G., Mrs. Harry Edgar; L. S. to V. G., Mrs. John J. Silva; Chaplin, Mrs. Stevens; Out Guard, Mrs. N. Mason; In Guard, Mrs. Maschio.

Zephyr Rebekahs—N. G., Alice Donnewirth; V. G., Carrie Spierck; Warden, Mrs. Bonham; Conduetress, Miss Rita Arnold; R. S. to N. G., J. Asher; L. S. to N. G., Mrs. Thiel; R. S. to V. G., Mrs. Johnson; L. S. to V. G., Mrs. Anna Axelsson; Chaplin, Mrs. Rhea Anthes; Out Guard, Mrs. N. Guard; In Guard, Mrs. W. O. Arnold.

### Woodmen Install

Monday night will be one long to be remembered by the Woodmen, when several hundred members of the order were present to witness the installation of officers and participate in the banquet and enjoy the excellent program followed by dancing.

The following were the officers installed for the ensuing year:  
H. B. Hollenbaugh; C. C., C. L. Theis; Adj. Lieut., A. Moran; Banker, John MacGrath; Clerk, H. L. Springer; Escort, Abel E. Wallis; Watch, J. H. Bedbury; Sentry, J. Banzik; Manager, G. S. Black; L. F., J. P. Lucas.

"I Saw It In THE TERMINAL"

### Stockton Police Think They've Found Remedy

Speed maniacs in Stockton are up against the real obstacle now since Police Judge Bieck ordered the speeders' automobiles locked up instead of the speeder. Fines are no longer in vogue. The machines are in "hock" thirty days, giving the owner or speeder a chance to "learn to walk."

### Ford's Generous New Year's Gift to His Employees

DETROIT, Mich., Jan. 1, 1920. Henry Ford and son, Edsel Ford, distributed today eight million dollars in bonuses to 80,000 employees. Those in service three months received \$50. Those in service five years received \$270. The minimum wage is \$6 per day. Skilled workers receive \$10.80 per day. Awards were based on length of service.

### Going Back to Italy

Mr. and Mrs. Joseph Roveda and family will leave in a couple of weeks for Italy where they will spend several months visiting Mr. Roveda's parents and relatives of the family. Their many Richmond friends wish them bon voyage, and hope they may return safely to America and Richmond.

### Yolo County Lemons

Martin Lewis, the Second street grocer, returned yesterday from his Yolo county fruit ranch where he often goes for a few days to recruit and bring home some of the excellent fruit. This time he returned with some prize lemons, samples of which are on display at this office. The lemons measure fifteen inches in circumference and are of excellent quality.

### Millions of Motor Vehicles

California ranks third among the states in number of automobiles owned, according to compilations made by G. B. Daniels, superintendent of the state motor vehicle department. New York is first with 553,219 automobiles; Ohio second, 516,275; California third, 491,240; Illinois fourth, 482,103.

Very likely the print-paper shortage is due to the recklessness with which European governments have been printing paper money. Germany has now 45,000,000,000 paper marks in circulation backed by only 1,000,000,000 marks in gold.—Gazette.

### Masonic Event at Pinole

The local lodge of Masons of Pinole aided by the Order of Eastern Star, will install officers tomorrow night. A number of visiting members from Richmond will attend.

### Will Train at Byron Springs

Byron Springs has been chosen as a training place for the coast league pitchers of the S. F. baseball team.

In starting the new year, call around at this office and pay for a year's subscription to your home paper, including arrears.

## Lost Hope For 2.75 Beer; Volstead Act Upheld

The prohibition enforcement act, defining as intoxicating any beverage containing one-half of one per cent or more of alcohol was declared constitutional Monday by the supreme court in an opinion on which the court divided, five to four. Justice Day, Vandevanter, Clarke and McReynolds dissented.

Proceedings brought by Jacob Ruppert of New York to enjoin the government from prohibiting the sale of 2.75 per cent beer were ordered dismissed.

Ruppert's case was brought under the war-time act. He alleged that 2.75 per cent beer was non-intoxicating, but that the Volstead Act by limiting the alcoholic content prohibited the sale of beer manufactured under regulations prescribed under the Lever food control act by President Wilson.

Indictments brought against the Standard Brewery at Baltimore and the American Brewing company at New Orleans for manufacturing 2.75 per cent beer before the war-time prohibition enforcement act became effective were ordered dismissed.

In deciding the New Orleans and Baltimore cases Justice Day in a unanimous opinion held that the manufacture of beer containing 2.75 per cent alcohol was legal until the enactment of the Volstead Act.

## Another and Better Use For the "Kick"

Instead of denatured alcohol instead of gasoline for running automobiles. Sulphide liquor, a product of the pulp mills, will be utilized. It is estimated that five million gallons will be this year's supply from the pulp mills.

## Berkeley Has 30 Less Than 10,000 School Children

A census of the public schools just completed shows Berkeley has 9970 children of school age from 7486 homes. There are 1000 more boys than girls and only 731 foreign-born children of school age. The statistics were compiled by James B. Malloch, special agent employed by the state board of health. He figures there are 16,000 families in the estimated population of 80,000.

## California Leads

California's 1919 commercial apple crop totaled 4,533,000 boxes, according to final figures just announced by the bureau of crop estimates. In point of percentage, California with 98 per cent, leads all other states. Washington and Arkansas each showed a 92 per cent production and Oregon's showing was 91 per cent.

### Bank Clearances

The following are the bank clearances for December, 1919:  
San Francisco .....\$773,282,768  
Los Angeles ..... 265,422,000  
Oakland ..... 43,229,603  
San Jose ..... 11,625,774  
Sacramento ..... 34,019,451  
Fresno ..... 26,357,659  
Stockton ..... 29,752,940  
Berkeley ..... 10,489,853  
San Diego ..... 12,309,678

The California Wharf and Warehouse Co. of Crockett was granted a 20-year renewal of its franchise by the board of supervisors Monday.

Read the Boy Scout story on page two about building a lodge

## Richmond's Progress Remarkable For "Off Year"

Notwithstanding the effects of the war and the high cost of building material, Richmond made a creditable showing in improvements the past year, according to statistics furnished by the city building inspector. Industrial plants are not included in the tabulated figures:

Public buildings.....\$ 16,120  
Stores and office bldgs. 88,930  
Apartments and flats..... 35,000  
Dwellings..... 405,881  
Private garages, etc..... 11,171  
Moving, repairs, etc..... 32,575  
Proposed improvements (Standard Oil)..... 2,000,000  
Total.....\$3,192,422

## What Next Will They Do in Berkeley?

Berkeley may be accused of carrying certain things too far, but here is something they did which is commendable. Escaping steam from the city incinerator has been contracted for by the West Berkeley Meat Co. The steam is going to waste, and as the meat company offered \$15 a month for it, the bargain was closed. What the meat company wants with the steam is a problem, as steam arising from Berkeley garbage is said to possess a very penetrating odor, according to pioneer residents of Albany, who know some "history" about such things.

Receipts for Hairpins.  
Mrs. Styles—This paper says that it was recently found a pigeon's nest made of hairpins. Where do you suppose the pigeons found the hairpins? Mr. Styles—Oh, I suppose a lot of women in the vicinity couldn't keep their mouths shut.

Caustic Words.  
"Is the jury still out?"  
"Yes," said the sarcastic lawyer for the defense. "And I'm not surprised."  
"Not?"  
"When I looked in the faces of those jurors I could see there was 'nobody home.'"

"I am told that you referred to me as an ogre."  
"The idea!"  
"Don't try to evade the issue, madam. Did you or did you not call me an ogre?"  
"Certainly not. I wouldn't be so unkind. I merely said your face threw my little Christopher into convulsions."

Away With Him.  
I do not care  
For Jasper Whisk.  
He always tells  
How great he is.

Mistaken.  
Maud—Your friend, Miss Blank, going to be married? Why, I had the impression that she was a woman in her declining years.  
Ethel—Oh, dear, no, she's in her accepting ones.

The Modern Psyche.  
Cupid (breathlessly)—Quick. Another quiver of arrows, wife!  
Psyche (bursting into tears)—You made me what I am today—a mere munitions worker!

Keeps His Promises.  
"Wiggins is a chap who will promise anything."  
"But does he keep his promises?"  
"He must; nobody sees or hears anything of them afterward."

## World Problems Are to Be Taken Up by the Churches

"Christian Americanization" is being taken up as a study by a number of churches, who have opened a school of mission or world problems. The course embraces the problem of the foreigner, the slums, the vice question, and also an unbiased survey of capital and labor.

## Roy McCallum Returns to His Home City

To add to the delight of their charming home, Roy McCallum, a son, is here from Modesto where he holds the position of farm advisor. Roy is well and favorably known in Richmond. He received his military training at the University of California, was appointed sergeant at Camp Lewis, afterward being transferred to Camp Taylor, where he had just received his commission when peace was declared.

## Contra Costa County

The anti-picketing ordinance which was to have come up for consideration before the board of supervisors Monday at Martinez, was laid on the table and no action was taken by the board. The enactment of the ordinance, it is said is being urged by the shipbuilding interests in the county, and is vigorously opposed by organized labor, who threatened the referendum.

The trial of Irene Johnson, the 20-year-old "girl bandit," who is charged with robbery and who played the star role in holding up a Richmond photographer "on a bet," is set for the 13th of January. Irene's pal, Bert Garrett, who figured in the daring episode, was recently sent across the bay and is now doing time.

The board of supervisors rejected the bids of two cement companies for 87,000 barrels of cement to be used for highway construction. The bids ranged from \$3.62 to \$3.85 per barrel. The board may adopt the block base concrete for construction, which is said to be more durable and cheaper than the Portland cement.

## Gov't Garden Seeds

They are here direct from the agricultural department at Washington, D. C., sent through the courtesy of your congressman, Hon. Charles F. Curry. These seeds produce excellent garden truck, which in turn reduces the high cost of living, in addition to developing some of the inactive muscular tissue which may be lying dormant in many geographical localities.

By devoting a few minutes each morning and evening to the pleasurable pastime of wielding the hoe, shovel or rake, you will be surprised at results when the toothsome and succulent lettuce and radishes decorate your dinner table, the product of your own physical energy. Your grandfather did it, why not you?

## Martinez to Have Co-Operative Store

Financing of the Martinez co-operative store to be established by the affiliated labor organizations is said to have been successful. A desirable location for the store on Main street is sought.—Gazette.

Laura H. Ryan, Real Estate.

## Santa Fe to Return to System of Terminals

### Shoes to Airplane Till Hide Trust Says "Let Go"

Although hide prices have dropped from 25 to 40 per cent, shoes will continue to be sold at the excessively high prices based on war conditions. The Central Leather Co. is authority for the statement that there will be no reduction in the price of footwear until next winter. This is not comforting news to workingmen with large families.

## Alameda Lodge of Elks to Enlarge Their Quarters

The Alameda lodge of Elks, have a most attractive building with generous ground space, but the enterprising membership is building for the future. Additional land has been acquired adjoining the lodge's holdings, which extend through to the opposite street, giving more than twice the area now occupied. A large swimming pool is one of the improvements to be installed which will attract visiting Elks to Alameda at all seasons of the year.

### MODEST AVOWAL

"Yes, sir," answered the rubicund old gentleman who was lounging in the doorway with a cornob pipe stuck in his mouth.  
"And is it the leading paper here?"  
"Sir," replied the old gentleman, with an impressive air, "I feel that it is a duty I owe myself and my family to tell of Tondville. Furthermore—ahem—there is no other paper here."  
—Birmingham Age-Herald.

### No Sense of Humor.

"Mrs. Jagshy."  
"Well, Mr. Jagshy?"  
"When I came home last night—er—we'll say at a late hour, did I retire in good order?"  
"In fairly good order, Mr. Jagshy, but I once saw a comedian on the stage try to catch his bed as it came round to him and I did not think his performance at all funny."

### UGLY CHARGE.

"I understand Mrs. Twobble and Mrs. Gadspar have had a falling out."  
"Alas, yes."  
"Is it serious?"  
"I fear so. Mrs. Twobble makes the charge that when Mrs. Gadspar borrowed a quarter of a pound of butter she returned an inferior brand."

The Spendthrift.  
You have to reap as you have sowed. And should you go the pace, You'll surely find the same old road Leads to the same old place.

Unfeeling Father.  
"Have the Biltberys named their new twins yet?"  
"Yes, but they were not given the names applied to them by Mr. Biltberby when they first arrived."  
"What did he call the precious pair?"  
"Trouble, and 'More of It.'"  
—Birmingham Age-Herald.

The government is storing millions of pounds of TNT on top of Mt. Pocono, Pa.

## Ferryboat San Pablo to Ply Between This City and S. F.

Now that the railroads are to be taken over by the various companies, the Santa Fe will make use of its terminal again, and dispende with running trains through to the big S. P. mole in Oakland. The ferryboat San Pablo is being overhauled for future use between Richmond and San Francisco and improvements at the mole are being made.

## RANDOM COMMENT

There is some speculation and guessing as to who will be the successor of the late Assemblyman W. E. Calahan, although the sudden passing of the popular eastside legislator still is fresh in the memory of the friends of the lamented Contra Costan. It is doubtful if Assemblyman Calahan's successor, whoever that person may be, will fill the position as satisfactorily as the departed; for all must admit, regardless of political bias, that William E. Calahan was highly qualified for the position and made an excellent representative for Contra Costa county. There is some indication of an eastside candidate's aspirations, and if he should be chosen to do the job, an able representative, a Californian, directly interested and in touch with the needs of the whole county. It is hinted that the cards read favorably for an eastside candidate, the selection of whom would harmonize with political ethics quite nicely.

It is said the first unit of Richmond's federal building will equal the full sized federal structures of Chico or San Luis Obispo, cities about one-fourth the size of Richmond. It is said a Washington architect is at work on the preliminary plans.

There is said to be a quiet movement on foot to dispense with women on juries. Women are too sympathetic and tender. The culprit often goes scott free, especially when the sob artists and flowers are in evidence at the "psychological moment."

Old Si says: "Unity of action and good fellowship is OK where the parties interested are congenial." Si must have been attending the r. r. commission's hearing of the feasibility, etc., of the proposed new S. F.-Richmond ferry line.

Senator Hiram Johnson is out and gone on his campaign tour for the presidential persimmon, now being sought by a large field of candidates. Leave it to Hiram. He is some "speed boy," and the dust is already flying.

We have two candidates for the presidency from Lincoln, Neb., Bryan and Pershing. "For the love of M——!"

It is rumored that the railroad commission's revised plans of Richmond's subway will eliminate the "grade."

The profiteer is beginning to do a little thinking. There may be an unexpected attack from the rear.

There is considerable agitation over the chalk line in milk.

## S. F. BEGINS YEAR BY BASKING IN SUN

While Rest of Nation Shivers, Citizens Here Take Usual Dip in Ocean

San Francisco.—This city basked under the warm rays of the sun New Year's day, while all other towns in the state save one where weather reports were filed, had cloudy weather and while the East shivered in freezing temperature, with the thermometer below zero in many places. Red Bluff was the only other town in the state where the sun shone enough to mark the day "clear."

The official San Francisco thermometer registered 41 degrees at 5 P. M., while the highest point it reached was 44. While San Franciscans visited their parks, promenaded and even took their dips in the ocean, Winnepeg citizens were hugging their steam-heating plants with the thermometer at 23 degrees below zero, Duluth registered 16 below, Minneapolis 6 below, Chicago 6 above, Des Moines 10 above, Pittsburgh 18, St. Louis 22, Denver 36, Washington, D. C., 36, New York 34, Memphis 30. Snow flurries greeted Chicagoans on their New Year day.

All of California told a different story through its thermometers. The coldest temperature recorded was at Sacramento where it was 36 at 5 P. M. Fresno registered 40 degrees, Eureka 46, San Jose 44, Los Angeles 58 and San Diego 60, with all readings taken at 5 P. M. and with all showing a slightly higher maximum at some time during the day with few exceptions.

The entire Pacific Coast was free of rain and snow, although amateur weather prophets freely predicted snow at the summit or on Tamalpais. Tamalpais was clear all day with the thermometer registering 42 at 5 P. M. and the lowest reading being only 30 degrees. The worst that can be said of Tamalpais was frost at the top. Wednesday night, with even with the thermometer at 30 covered vegetation, wires and buildings with a coat of ice.

At the summit there is now thirty-seven inches of snow but not a flake fell New Year's day and the wind was in the north all day. The weather was clear.

After looking over his 5 o'clock reports District Forecaster E. A. Beals unhesitatingly put down "fair" as the forecast for today.

Those who predicted severe storms many another amateur weather prophet, went wrong, for the records show December, 1919, along the entire Pacific Coast was free of storms than the average December, although several blows that might be called storms were recorded, but nothing like the cataclysmic eruptions of nature predicted.

## MARINES TO CONTINUE THEIR WAR TIME POLICY

That the war time policy of obtaining officers for the United States Marine Corps from the ranks be continued, is the recommendation made by Secretary of the Navy Daniels, according to a report received at the Marine Corps recruiting office, 320 Market street, San Francisco, Cal.

The secretary points to the work of officers commissioned from the ranks during the war, as his reason for making this recommendation. He also recommends that additional officers be commissioned for the Marine Corps aviation branch, and that special aviation grades be created for enlisted men.

A permanent Marine Corps of 27,467 officers and men, or 20 per cent of the naval strength, is also recommended, as well as the creation of chief warrant rank for marines.

The achievements of the corps in the war are reviewed and their many peace time activities in all parts of the world are pointed out as sufficient reason for increasing the permanent strength. Attention is also called to the new manhood records made by marines and to the fact that marines won 27 of the 34 matches shot recently at the National Rifle Association tournament. The report received at the recruiting office is a portion of the secretary's report on the condition of the entire naval establishment.

## GIRL WEDS SMALLPOX PATIENT; NURSES HIM

Aberdeen, Wash.—That cupid will brave even smallpox was proved in the case of Ruby Lambert and Assistant Postmaster Stanley Clafin of Elma January 1. The then bridegroom-to-be was taken with smallpox and the bride-elect, declaring she would not postpone the wedding, went to his home. She stood outside the closed window and he inside while the minister, with voice upraised, so as to penetrate the glass, tied the knot. This expedient was only for the minister's protection. As soon as the knot was tied, the bride paid the parson and then went inside to nurse her new husband.

Former San Francisco Teacher Dies  
Los Angeles.—Mrs. Aurelia Griffith, for thirty-five years connected with San Francisco high schools as teacher or superintendent, died at her home here late January 1.

## NINETEEN "REDS" HELD IN OAKLAND RAID

Chinese "Red" Suspect Arrested; Babe Goes to Jail with Mother

San Francisco.—Nineteen men and women, charged with violation of the immigration laws and criminal syndicalism, were arrested in raids conducted Friday night, January 2, in Oakland, Alameda and Berkeley by agents of the Department of Justice. Warrants are out for seven more.

Louis Yap, said to be the only Chinese "red" in the United States, was arrested at 1011 Washington street, during the raid. He is said to be one of the best known Chinese in Oakland, and has close connections with several strong tongs.

Others arrested are: Walter Martin Richard Beil, 1114 Kirkham street, German; M. A. Deyschman, 580 Sixth street, German; Mrs. Rose Bronstein, 745 Twenty-sixth street, Russian; Tony J. Lendich, 1739 Eleventh street, Austrian; Ferdinand Kleinschmidt, 2351 Eighty-third avenue, German; Willy F. Baumann, 2351 Sixteenth street, German; Jacob Hullen, Twelfth and Clay streets, German; Paul Merboth, 4326 Hopkins street, German; John Petersen, 2830 Magee street, Berkeley, Norwegian; Bernard W. Kloss, 1272 Hopkins street, German; Paul Hoffman, 2716 Fruitvale avenue, German; Mrs. Paul Hoffman; Richard Weber, 1655 Sixteenth avenue, German; Ellen Louise Weber; Sebastian Robenano, Leona Quarry, Russian; Paul Eggeroff, 1007 Twenty-second street, Russian; Felix Samolisky, 738 Central avenue, Alameda, Russian; Arthur B. Crowe, 552 Fifty-eighth street, English.

Infant Goes to Jail  
Hoffman and his wife have five children, the oldest 11. Four of the children were cared for by a neighbor and the infant went to jail with the mother, until Mrs. Hoffman was released on her own recognizance.

Weber, a conductor on the Alameda line of the Oakland Traction Company, and Samolisky, a motorman on the Fruitvale line, were arrested on their cars, relief men going with the federal officers.

Cliff Durant, Oakland millionaire aviator, was one of the officers making arrests, and brought in one "red" in his machine, according to Oakland police officials.

The raids were under the supervision of E. M. Blanford, special agent of the Department of Justice, assisted by Special Agent F. W. Kelly.

San Francisco, Cal., Jan. 2, 1920.

Alameda deputy sheriffs.

215 MILES IN EIGHTY-THREE MINUTES IS FLYER'S MARK

Washington.—All American records for a non-stop flight of more than 200 miles are believed by Postoffice Department officials to have been broken January 2 by James H. Knight, an air mail pilot, who flew with a load of mail from Cleveland to Bellefonte, Pa., a distance of 215 miles, in 83 minutes. The flight was made at an average of 156 miles an hour and was seven minutes better than a similar trip made by Knight last September. The start from Cleveland was made in a raging snowstorm.

British Ambassador Dead

London.—Sir Frank Cavendish Lascelles, British ambassador to Germany from 1895 to 1908, died here January 2. He had been minister to Romania in 1886 and to Persia in 1891 and ambassador to Russia in 1894. He was born March 23, 1841.

OPEN WARFARE ON BOLSHEVISM

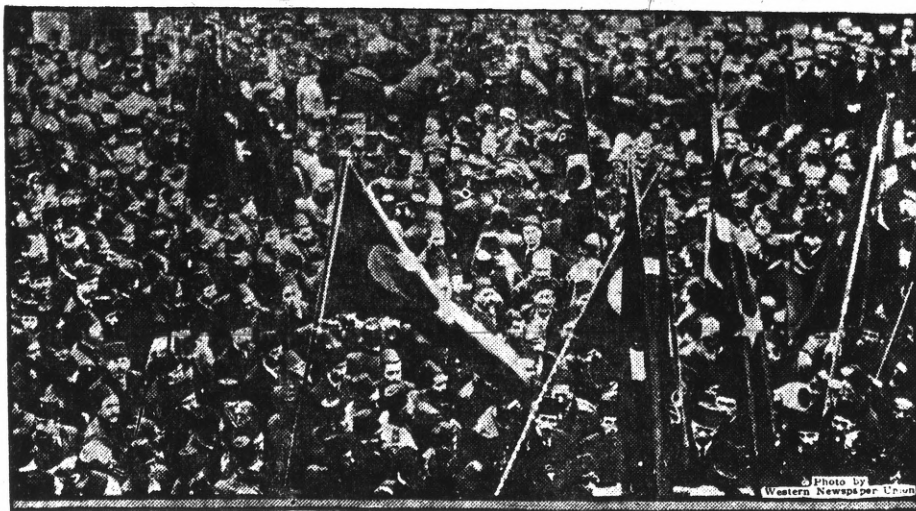

Palmer Declares Red Menace to Be Shown No Quarter

Washington.—The year 1920 will be an "open season" for bolsheviks, anarchists and kindred radicals, who are in this country with the idea of overthrowing the government. In a statement published Attorney General Palmer announced that the policy of the department of justice in dealing with the "red" menace during the coming year will be one of "unflinching, persistent and aggressive warfare." No quarter will be shown, he declared.

The attorney general declared that agents of the department had traced directly to this element 75 per cent of the unrest in this country. Acquaintance with the doctrines of the "reds," Palmer said, was the forcible method of ending their activities and he urged the American people in the interest of law and order, peace and happiness and the maintenance of national solidarity to study the full meaning of the radical idea and to counteract it through the teaching of Americanism in the press, the church, the school and labor organizations.

The bolshevik movement does not represent the radicalism of progress, Mr. Palmer declared, but introduces dictatorship by force and violence and is distinctly a criminal and dishonest scheme instead of a movement of liberty loving persons.

## TURKS OBJECT TO SPLITTING UP OF THEIR EMPIRE

Immense crowd of Turks gathered in front of the sultan's palace in Constantinople to protest against the dividing up of the Turkish empire.

## Condensed News of California

San Francisco.—Despite frosty nip to the atmosphere, the twenty-seventh annual New Year dip in the surf was taken at the beach here by 200 members of the Olympic club. Headaches of the "morning after" disappeared in a twinkling as the children dove into the chilly waters. A four-mile run preceded the plunge.

Sacramento.—An initiative measure to place on the 1920 ballot an act appropriating \$1,400,000 for establishment of the California Academy for the Blind failed to qualify. J. M. Cronin, in statistician in the office of the secretary of state says. Only 38,430 signatures were filed while 55,094 were necessary.

Santa Barbara.—David M. Foltz deliberately wrecked his automobile in an effort to avoid a collision with a machine driven by a woman with several children as occupants. Foltz was traveling at a high rate of speed. It was too late to stop when he saw the other car. Twisting the wheel, Foltz sent his machine crashing into a stone wall. He was thrown through the caped with a few minor cuts.

Riverside.—Frank Troch of Vancouver, Wash., broke 150 targets straight in the first match event of a seven day trap-shooting tournament for the national amateur championship here January 1, putting him and his teammate, O. E. Lynch of Palouse, Wash., who broke 143 birds, in the lead over seventeen competitors. J. T. Downs of Riverside and J. D. Dodds of Los Angeles, composing the California team, took second place with 146 each.

Porterville.—Although the rainfall for this entire district has been far below the normal, range feed in the foothills has a good start and particularly in the White River district the outlook for the cattlemen is excellent. Feed there is four to five inches in height and is growing steadily. Fogs which have prevailed in the valley have not reached the higher altitudes and weather conditions have been unusually good in the lower foothills for the past several weeks.

Grass Valley.—With only six or eight of the original members surviving and half of them confined to their homes with infirmities of age, the Grass Valley Pioneer Club failed to hold its annual meeting January 1—the first time since its organization more than a third of a century ago. During the last year, J. C. Conway, the president, and Frank X. Du Maine, secretary, succumbed. Among the few surviving members are Peter Johnson, Thomas Othet, Patrick McCahy, Philip Morhead, W. J. Woods and John R. Carter. The membership of the club was mostly restricted to men coming here not later than 1860.

Sanger.—On Wednesday afternoon, December 31, Martin Mathisen and Ethel Thurman were united in marriage in the presence of a few friends and relatives. During the ceremony, some one made away with their wraps which had been left outside, and the remainder of the afternoon was spent in a vain hunt for the missing articles. On New Year's day the newly married couple and a few friends were entertained at dinner at the home of Miss Agnes Colwell.

San Quentin.—Sixty San Francisco vaudeville performers and stage hands presented a stage and motion picture show for 1750 prisoners at San Quentin New Year's morning. The affair was under the direction of Ackerman & Harris, and most of the talent came from the Casino and Hippodrome theaters. Nora Allen, with the Paper Dress Revue, scored the biggest hit, playing various selections. Others on the bill included the Four Strutting Johnsons, Harris and Harris, Signor E. Volpi, "Kid" Lewis, Hazel Sorley and Scott and Seymour. Mary Pickford's film, "Daddy Long Legs," and Fatty Arbuckle in a comedy picture were screened. Sam Newman directed the orchestra.

San Diego.—John F. Schwartz, who had been treasurer of San Diego county for twenty-one years, died at his home here January 2. In recent years he had been elected to office year after year, practically without opposition. He was 59 years old.

Santa Cruz.—The whaler Hercules December 31 had an exciting chase when two California grayback whales, a cow and calf, were spotted in the bay. They were of the same species as those seen by the aviation patrol near San Diego, the first seen there in twenty-five years. The mother was about sixty feet long.

Fresno.—Lewis Lieberman, formerly a Presidential warrant charging him with being a member of the I. W. W. He was taken to Los Angeles. Lieberman said he was a member of the I. W. W., the Communist party and the Workmen's Circle. His wife, who accompanied him back to Los Angeles, told the officers that she is also a member of the I. W. W.

San Jose.—The bodies of George B. Sinclair, 61, widely known inventor of musical instruments, and his wife, Margaret Flint Sinclair, 58, were found on the floor in the breakfast room of their spacious home here January 2. Apparently they had died from inhaling poisonous fumes emitted by a gas heater in an adjoining room. The house was tightly closed and every room was filled with the deadly mixture of gas and air. A quantity of food was found on the table and the police said an analysis of this would be made to determine whether poison other than gas had not been first employed by a possible murderer. Sinclair came here about six months ago from Boston where for years he was vice-president of the Choral Cello Manufacturing company of that city.

Oakland.—Plans for entertaining the delegates to the state convention of the State Association of Credit Men and Collectors are being considered by a committee recently appointed by the organization. The convention will be held here during the first week of July. A committee composed of the following was named at the last meeting to attend to the festivities of the gathering: W. A. Sturgeon, W. E. Dean, V. W. Smith, L. L. Steele, Oscar Bennett, H. J. Poswa, L. V. Starr, Henry Phillips, M. J. Brennan and Fred Walters. Addresses were made by Leon Gray, W. A. Sturgeon, W. E. Dean and Ed Street.

San Jose.—Paul Talbot, a College of the Pacific student, registered from Fort Worth, Texas, was arrested in Los Angeles on a charge of auto stealing. The warrant for his arrest was sworn out by Mrs. C. H. Chan, a Chinese woman, mother of the owner of the car Talbot is alleged to have stolen. He is said to have told the Los Angeles officers who arrested him that Chan gave him permission to use the machine. Talbot was struck on the head several weeks ago during a football match and is said by his associates not to have been the same since. It was at first believed when he disappeared that he was a victim of loss of memory and had wandered away. George Chan, owner of the car, is in Des Moines, Ia.

San Francisco.—Bids have been requested for the "remains" of the old Oregon building, famous during the world's fair in 1915. Brigadier General Blatchford, commanding general at the Presidio, said the building is in such a state of disrepair that the cost of putting it in fit shape would be unwarranted.

San Diego.—Shortly after celebrating the advent of the new year, Dwight Ray, a seventeen-year-old boy of Pacific Beach, near here, was fatally wounded by Gus Parmentier of the same age, when the latter's shotgun was accidentally discharged, according to police reports. Parmentier was arrested, but later released.

Sacramento.—Alex Johnston, a carpenter, formerly residing in San Francisco at 3470 Twentieth street, was shot and killed January 2 during a quarrel in the barroom of the Hotel Ryde at Ryde, Sacramento county. Orlando Fontanini, bartender at the hotel, was arrested and charged with murder. He said that Alex Johnston and Gunnar Johnson, a companion, were in the bar when he offered them from the place. Fontanini said he shot in self-defense as he was being choked. Gunnar Johnson is being held as a witness.

Porterville.—D. T. Rewey, for the past six years an orange grower of the Zante district north of here, has been chosen the deputy horticultural commissioner to succeed C. H. Doyle, whose resignation became effective January 1. Mr. Doyle has taken a position in charge of the peach orchards of the Porterville Canning company. Mr. Rewey has for the past two years been the rodent control inspector of this district and is there conversant with the affairs of the commissioner's office.

Los Angeles.—The bodies of George B. Sinclair, 61, widely known inventor of musical instruments, and his wife, Margaret Flint Sinclair, 58, were found on the floor in the breakfast room of their spacious home here January 2. Apparently they had died from inhaling poisonous fumes emitted by a gas heater in an adjoining room. The house was tightly closed and every room was filled with the deadly mixture of gas and air. A quantity of food was found on the table and the police said an analysis of this would be made to determine whether poison other than gas had not been first employed by a possible murderer. Sinclair came here about six months ago from Boston where for years he was vice-president of the Choral Cello Manufacturing company of that city.

## CHALDIAN DESCRIBES HIS PEOPLE'S TRAITS

They Are Wanderers Without Laws or Churches, but Deeply Religious

San Francisco.—On the magic carpet of Bagdad with a Chaldean as their guide, the members of the Commonwealth Club, at their luncheon January 2, were transported to the Garden of Eden. For an hour they listened while Rafael Emanuel, who says he is a direct descendant of Abraham, described the customs of his people, how they wander from place to place in Mesopotamia, tending their flocks and herds, worshipping God as did the children of Israel.

"My country," he said, "is a land of which you may read much in the Bible, but of which you know so little. The people wander about, living in tents. Only in the rainy season do they dwell in windproof houses. The tribes are diminishing, due to undernourishment. Meals are meager and far between.

"The people are very religious, though there are no churches and there is no Sabbath. We speak of Noah and Abraham as you do of Washington and Lincoln. We have no literature, no history, no schools, no science, no industry, no household conveniences nor furniture. There are no railroads, factories, mines nor mills. Travel is on foot or with horses, mules or camels. Three baths a lifetime are enjoyed—at birth, at marriage and at death. But we frequently go swimming.

"Chaldeans don't know how old they are. They go by heights and looks, not by years. When a boy begins to grow a beard he is old enough to marry. Parents select the mates for their children and no more mistakes are made than in the American way. There is no divorce, except when the wife is unfaithful. If a couple do not agree, they fight.

"We are decreasing in number, partly due to the ravages of the war and because no new blood has been introduced. We are the original Semitic race, untainted by outside blood. We have no postoffice and write no letters. If a man can read the Bible and recite a few passages from it he is super-educated. There are no records, no lawyers nor judges. It's an eye for an eye and a tooth for a tooth.

"The land, which is irrigated, is rich, and provides especially good crops of grain and apples. You cannot blame Mother Eve for sampling the apples grown in our home land, the Garden of Eden. We have no whiskey nor beer, only native wine. Meat is eaten only once or twice a month, owing to its scarcity. Some have never tasted it. We believe in the story of Adam and Eve, not in evolution.

"There is no calendar and no clocks. We retire when we are weary; we get up when we feel like it; we eat when we are hungry and can get food. There is no commerce nor money, only a little gold to pay the head tax to the Turkish government. Everything is home-made. There are no stores nor shops. Peddlers wander about the country bartering their wares for measures of grain. We have no form of government. We don't know what year it is. Distance is measured by 'smokes' of a pipe.

"Our greatest need is physicians. The only doctors in Mesopotamia are those at the missions in the large centers. Doctors are considered next to God. Instead of doctors we have high priests, magicians and sorcerers. "English, French, American and Germans mean the same thing to us, though some of our countrymen have heard there is a ladder running from America up into heaven with angels walking up and down."

## LIQUOR CARGO FOUND IN SUTRO TUNNEL

Huge Distilling Plant Discovered by Revenue Men in Raid

San Francisco.—Fifteen hogsheds of brandy and twenty barrels of whisky were found by internal revenue agents January 2 in the old Sutro tunnel built to drain the silver mines under Virginia City.

They were seized by agents of Collector Justus S. Wardell in a raid that uncovered a moonshine plant in the famous old tunnel that was producing several barrels of whisky and brandy a day. Several large stills of more than 100 gallons capacity each were seized and ten men engaged in their operation were arrested.

Revenue agents are said to be actively searching the mountains of Nevada for other stills. A squad is also reported to be making a minute survey of the hills of Marin county and the wastes near Redwood peak in Alameda county, where it is thought probable that other moonshine activities may be disclosed.

## MAN IS FROZEN TO DEATH IN EAST ON WAY TO WORK

Chicago.—With the thermometer registering five below zero at 6 o'clock Friday morning, January 2, an unidentified man was found frozen to death in the snow.

He apparently was walking to work, as a full dinner pail was found at his side.

## THREE BILLIONS REQUIRED—ELLIOTT

Immense Sums Must Be Spent For Cars and Engines—Talk of Big Improvements

St. Paul, Minn.—Three billion dollars must be spent by the railroads of the United States "within the next few years," to provide first class passenger and freight facilities, is the declaration made by Howard Elliott, president of the Northern Pacific railroad, who came from New York for conference with railroad officials.

"Difficult and serious as is the plight of the railroads, and of the owners of \$20,000,000,000 of railroad property, it is not more serious than the condition facing the country," said Mr. Elliott. "Transportation facilities must be made available not only for the present volume of business but for the increases that a progressive nation like the United States needs each year.

Since the government took control, only 100,000 new freight cars have been bought, so that at the end of 1919 there probably are not more than 3,400,000 freight cars in the country—slightly more than in 1915. It is not too much to say that probably \$3,000,000,000 should be spent for cars, engines and shop facilities by American railroads within the next few years, if the country's transportation needs are to be met."

Mr. Elliott left for Chicago yesterday. He did not make any announcement regarding reports circulated in railroad quarters here, that the leading roads of the country were planning to make important statements regarding broadened passenger service when private ownership is restored. There have been reports that the schedules to the Pacific coast, via various routes, are to be shortened and that trains de luxe and extra fare trains will be put into service.

## BIRMINGHAM WINS TWELVE-OARED RACE

San Diego.—Fifteen thousand spectators, massed on wharves and on every available vantage point on the upper decks of nearly a score of warships, saw the 12-oared racing cutter of the scout cruiser Birmingham decisively defeat the cutter representing the scout cruiser Salem on San Diego bay January 1.

More than \$14,000 changed hands as a result of the race, termed by naval officers the most spectacular and exciting event of its kind that has occurred among vessels of the Pacific fleet in years. The winning crew will get 10 per cent of the total amount wagered in addition to \$2000 which they won from their rivals.

The race was rowed in the remarkable fast time of 11 minutes and 45 seconds. The Birmingham crossed the line ten lengths ahead of the Salem, the latter's crew timing rapidly near the close of the one and one-half-mile race. A perfect bedlam broke loose when the boats were sent away at 1:19 o'clock. Sirens and steam whistles from more than fifty warships for a time drowned out the shouts of the thousands of spectators.

Captain Henry Mustin, commander of the aircraft tender Aroostook, was starter and judge of the course. Thirty naval launches were employed in keeping the course free of bay craft. The Birmingham, immediately after the race, issued a challenge to the race boat crew of the battleship Arkansas, winner of the Battenberg cup.

## WOOL GROWERS FAVOR UN-MERGING OF MEAT PACKERS

Boise, Idaho.—Idaho wool growers have given approval to the action of Attorney General A. Mitchell Palmer in the direction of a divorce of meat packers from other industries and lines of business. Other resolutions adopted favor 10-year grazing permits on public lands; federal arbitration of wage and labor disputes; segregation of horses and cattle on grazing areas.

## 32-YEAR-OLD HEN MOTHERS BROOD AND THEN DIES

Danielson, Conn.—The death of Eustasia Pallidani, aged 32, a Spanish black hen, said to have been the oldest hen in the United States, is announced by the owner, James Blanchard of Dayville. In her youth Eustasia was a prize-winning, pedigreed beauty. When 15 years old, her black plumage became white. She mothered a brood last spring and laid eggs in the fall.

## PRESIDENT SIGNS MEASURE CONTINUING SUGAR BOARD

Washington.—President Wilson has signed the McNary bill continuing the United States sugar equalization board through 1920.

Secretary Tumulty in making the announcement, issued this statement: "The President has signed the sugar control bill. The bill confers discretion on the President in the matter of purchasing sugar from Cuba. It is doubtful whether it will be practicable or wise for the President to exercise the power conferred so far as the purchase and distribution of sugar are concerned."

For the half year ending December 31, 1919, a dividend has been declared at the rate of four (4) per cent per annum on all savings deposits, payable on and after January 2, 1920. Dividends not called for are added to and bear the same rate of interest as the principal from January 1, 1920. Deposits made on or before January 10, 1920, will earn interest from January 1, 1920.  
**H. C. KLEVESAHN, Cashier.**

**Santa Barbara.**—John Brazil died in this city of sleeping sickness. He had been asleep for fifteen days.

**DO YOU NEED A KIDNEY MEDICINE?**  
Dr. Kilmer's Swamp Root is not recommended for everything, but if you have kidney trouble or bladder trouble, it may be found just what you need. Swamp Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle healing herbal compound—physicians' prescription which has proved its great value in thousands of the most distressing cases according to reliable testimony.  
At druggists in large and medium size bottles. Always reliable preparation by Parrot Root. Also pamphlet telling about it. Address Dr. Kilmer & Co., Birmingham, Ala. Y and Y and close ten cents, also mention this paper.—Adv.

**A Hopeless Undertaking.**  
"There's no use arguing with Bliggins," said the opinionated man.  
"Can't you make him understand?"  
"He doesn't want to. He simply paws the air and shouts. The only way to get him to listen to anything would be to choke him and then he'd miss all the intellectual benefit."—Washington Star.

**Don't Forget Cuticura Talcum**  
When adding to your toilet requisites. An exquisitely scented face, skin, baby and dusting powder and perfume, rendering other perfumes superfluous. You may rely on it because one of the Cuticura Trio (Soap, Ointment and Talcum). 25c each everywhere.—Adv.

**Needed His Help.**  
"Jack, I wish you'd call on me occasionally."  
"Why, Madge, I thought you were engaged to Dick Slowboy."  
"No, but I think I could be if I could get up a little brisk competition."—Boston Transcript.

**Never permit a costive tendency to develop into a habit; but if the habit exists have recourse at once to Garfield Tea.**—Adv.

**Hand Stirrups.**  
"See any fancy ride?" while you was East?" asked Three-Finger Sam.  
"I sure did," answered Cactus Joe.  
"But everything's topsy-turvy. People in the cars have to hang on with their wrists in straps."  
"Jes' think o' that. Usin' the stirrups for their hands instead of their feet!"—Washington Star.

**TO BREAK IN NEW SHOES ALWAYS USE Allen's Foot-Paste, the antiseptic powder. It prevents tightness and blistering. Relieves Corns, Blisters, and Swelling. Sweating Feet. Gives rest and comfort. Accept no substitute. Sample Free. Address, Allen S. Olmsted, Le Roy, N. Y.—Adv.**

**How did you get on?"**  
"The sweet young maiden breathed the words into her lover's manly ear as she met him at the passage."  
He had been "seeing father" and she wanted to know the result.  
"Oh, your father is heartless!" said the young man, indignantly. "I told him I could not live without you, and—"  
"Yes, yes!" impatiently said the girl. "What did he say?"  
"He merely offered to pay my funeral expenses."—Adv.

**Garfield Tea, by purifying the blood, eradicates rheumatism, dyspepsia and many chronic ailments.**—Adv.

**MOONSHINE AGENTS RAID IN NEW YORK**  
Brought North Following Discovery of Poison Whisky in Brooklyn

New York.—Eleven revenue agents from the "moonshine country" of Kentucky, Tennessee and West Virginia, ordered from stalking mountain stills to plunge into the prohibition enforcement campaign in Brooklyn, went into action January 2 by arresting two of the proprietors, a bartender and a waiter of one of the biggest and most popular of that borough's cafes.  
The Southern agents were brought here to replace eight inspectors transferred elsewhere after the discovery that Brooklyn was the source from which came much of the "poisoned whisky" which spread death through Connecticut.  
Shortly after noon William D. Allen Jr., chief of the revenue, then from the "moonshine country," and one assistant entered "The Assembly," ordered sherry, obtained it promptly and paid for it in the presence of two of the proprietors, they said. Then they arrested the owners, the bartender and the waiter who served them, and took all to the United States District Attorney Ross' office.  
The shake-up in the revenue forces assigned to Brooklyn followed a conference between District Attorney Ross and Colonel Daniel L. Porter, supervising internal revenue agent in the New York district.  
"Reilly" frauds are becoming common here, it was learned today. Whisky bottles, which had been "tapped" and refilled with other liquids, have been exhibited to the police. Virtually everything from cold tea to varnish has been disposed of in this manner, the police say.

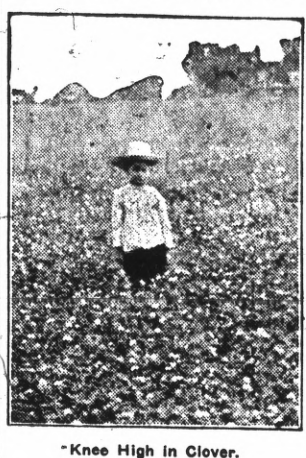

**WIFE SEES HUSBAND RUN DOWN AND KILLED**  
San Francisco.—While his wife and party of terrified friends looked on, unable to aid him, John Malloy, 37 years old, of 2056 Union street was struck and almost instantly killed at the Great Highway and Judah street early Friday, January 2, by a taxicab. The taxi overturned, pinning beneath it the driver, Joseph F. Duggan, and six passengers, three of whom were slightly hurt.  
The injured: James Brown, 1318 Larkin street, lacerations of the scalp; James Coughlin, 3433 Mason street, lacerations of both hands; Frank L. Glynn, 2435 Folsom street, lacerations of the right leg.  
Christopher J. Lutz, a city fireman, who was with Malloy, was crossing the Great Highway when the accident occurred, was uninjured. He tried vainly to drag his friend from the path of the taxicab, which bore down upon them suddenly in the darkness while trying to avert a collision with another car.  
The occupants of the taxi, who miraculously escaped unhurt, are: Dennis Byrnes, 275 Sanchez street; William A. Debert, 189 Madrid street; and John Galvin, 1336 Mason street.  
Malloy and his wife were entertaining Mr. and Mrs. Lutz and a party of friends in their automobile and had driven to the beach. At Judah street, Malloy stopped his machine and accompanied by Lutz started to walk across the Great Highway.  
Duggan at the wheel of a car owned by the United Taxicab Company, 209 Mason street, appeared at the same moment driving north on the Great Highway. At he approached Judah street, another auto with a car in tow suddenly started into the highway. Duggan swerved his car to avert the crash and in so doing drove directly toward Lutz and Malloy, who were taken unaware. Lutz grasped Malloy by the arm and tried to pull him aside, but he was struck and knocked violently to the roadway in full sight of his wife and friends.  
The injured man was rushed to the Park Emergency Hospital, where he died of internal injuries shortly afterwards.  
Those hurt when the taxicab overturned were also taken to the Emergency Hospital for treatment.  
Duggan, who lives at 2406 Harrison street, was arrested on a manslaughter charge.

**FORMER INMATE OF INSANE ASYLUM HANGED AT PRISON**  
San Quentin.—Lafayette Newell, 36, slayer of Mrs. Mary Reeves at Somerset, El Dorado county, October 3, 1919, was hanged for the crime at 10:16 A. M. here January 2. He was pronounced dead at 10:27. Newell collapsed twice on the gallows.  
Newell's trial took but twenty minutes. He pleaded guilty and said he was ready to take his medicine, despite the efforts of his brother, Charles Newell, to have him adjudged insane. Newell was a farm hand employed by Reeves. He shot Mrs. Reeves, the mother of two small children, because she resisted his advances. Sentence was pronounced October 20. The slayer was at one time an inmate of the State Hospital at Napa.

**GIVE CLOVER YIELD GOOD CARE IN FALL**  
Desirable That Stands Have Every Chance to Come Through.

In Many Sections Application of Lime Will Benefit Crop—Farmers Will Find It Profitable to Make Best Preparation.  
(Prepared by the United States Department of Agriculture.)  
Both red and alsike clover seed were harvested and largely threshed early in October. The fields seeded this spring are the ones from which clover hay and clover seed will be taken next year, and in view of the fact that clover seed is scarce and high priced it is desirable that the stands this fall be given every possible chance to come through the winter in good shape, say specialists in the states relations service. A light top dressing with manure, where this can be done, will be helpful, and will be best applied after freezing weather sets in. The young plants should not be pastured too close, nor should they be allowed to bloom and make seed. If the plants come

"Knee High in Clover."

into bloom, they should be clipped early. A height of four to six inches, just before going into the winter, is the most favorable condition.

The preparation of the land on which red clover is to be seeded next spring should be considered this fall. In most parts of Iowa and Illinois, the application of lime will benefit red clover. On some lands it is absolutely essential for a good stand. Lime is best applied when the land is being prepared for wheat. An application of two tons of fine-ground limestone is commonly enough, although on badly run-down land or on land known to be very sour, three tons per acre may be applied with profit. Clover should also have phosphates, and 200 to 250 pounds per acre should be drilled in with the wheat. Both wheat and clover will benefit.

Red clover seed is likely to remain high-priced for a year or two at least, and farmers will find it profitable to devote all the care necessary to preparing their land so as to give the clover crop every possible chance.

**NAME "BAYER" MEANS ASPIRIN IS GENUINE**

"Bayer Cross" on Aspirin like "Sterling on Silver"

"When you were on your ocean trip did you miss any of your means?"  
"No, I didn't miss 'em. What I objected to was that I ever met 'em."—Baltimore American.

**Adaptability.**  
"Have you ever thought of organizing in this prison an emergency corps from the pickpockets?"  
"No, but why especially of them?"  
"Because they are a class notoriously good at a pinch."—Baltimore American.

**Laugh When People Step On Your Feet**  
Try this yourself then pass it along to others. It works!

Ouch! 1 2 3 4 5! This kind of rough talk will be heard here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freestone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain or effort.

He says freestone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freestone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of Americans who will welcome this announcement when the inauguration of the high heels. If your druggist doesn't have freestone tell him to order a small bottle for you.—Adv.

**CREAMERY RESULTS**  
**HEALTH TELLS IN PROFITS**

Decide right now to put your dairy on a profit basis. Go after 100% health in your milk cows.  
You do not need a veterinary for most of the ailments common among dairy cows. Boreomus, Retained Afterbirth, Lost Appetite, Bloating, Bunches, Abortions, etc., are nearly always a direct result of impaired organs of digestion and reproduction.  
You can successfully treat and eliminate these diseases without the use of KOW-KURE. This well-known cow medicine acts directly on the affected organs and promptly restores a normal condition. Take one of your backward cows and put it to the test.  
Buy KOW-KURE from your feed dealer or druggist; 60c. and \$1.30 packages.  
Send for our free book, "THE HOME COW DOCTOR."  
**KOW-KURE**  
Caly Association Co., Lynchville, Va.

**Cheap Cobbling Material.**  
"I really can't see how such a large family could be brought up on so small a wage as you say your father got," said the American listener.  
"Think of the cost of footwear alone," returned the Yorkshire man.  
"You see, when our shoes got thin 'e went fishin' an' brought 'ome a few soles an' 'eels."—Boston Transcript

**STOP! CALOMEL IS QUICKSILVER**  
It's mercury! Attacks the bones, salivates and makes you sick.

There's no reason why a person should take sickening salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.—Adv.

## OIL INDUSTRY FREE FROM PROFITEERING

The papers have recently been full of scarehead stories alleging profiteering by the oil industry. It would seem that this means of gaining public attention had about run its course.

If any industry during the war showed a clear record of not profiteering, it was the oil industry. No product was in greater demand and yet the prices held steady with only slight increases during the war period.

Supplies for the oil fields jumped to unheard of figures and in many instances were almost unobtainable at any price. Wages increased and transportation charges increased and everything which the oil industry used increased. Now after it is all over, some politician seeking notoriety raises the cry of profiteering in the oil industry. The Midcontinent Oil & Gas Association takes exception to the charge and recent reports indicate that if there was any profiteering it was a local condition among jobbers who took advantage of coal shortage and ensuing scramble for fuel oil.

The situation lasted only a brief time, the jobbers getting back to a normal basis on development of disapproval by refining and producing interests in the government.

If there was any profiteering in oil it was on a small scale and caused from local conditions among jobbers who took advantage of the coal shortage.

The oil industry went through the entire war period without any charges of profiteering, is proud of its record and is determined there shall be no excessive prices under present conditions.

The demand for oil is growing at a rapid rate and the world can expect higher, instead of lower, prices.

## A SOLAR PLEXUS BLOW TO SYNDICALISM

In an Oakland court the state syndicalism law scores the first victory against red sedition. It was a five weeks' battle and stubbornly fought.

District Attorney Ezra Decota, who prosecuted the case to a victorious result, declares that it is the beginning of the end for I. W. W. in the Golden State.

It is believed that the decision indicates similar results in Oregon and Washington.

The issue as to that will probably be decided in the higher courts and the spirit of the law will effectively prevail.

The California statute is in all essentials similar to those enacted in Oregon and in Washington. The legal machinery for its enforcement in Oregon is already in motion and in the California outcome there is much encouragement for the belief that it will put a decided crimp in revolutionary activities in this state.

The 1500 I. W. W. organizers sent to the coast to concentrate their energies on the lumber industry are meeting more resistance than they expected.

The receipts at the county clerk's office in Reno, Nevada, for 1918 were \$19,765, which is \$2000 in excess of any previous year. This stiff sum was contributed chiefly by "mismatched victims" bent on slipping the matrimonial collar.

Advs. that decorate dead walls, fences, picture screens and other inanimate objects, are like bird-shot fired at a deer—not very penetrating. The home newspaper is the substantial medium that brings returns.

## ALBANY NEWS

### Lovett K. Fraser Now Albany's City Attorney

(Albany Argus)

On motion of Trustee Spatz seconded by Trustee Hoyt, the appointment of Lovett K. Fraser was made unanimous Monday night when a vote was taken in choosing the successor of Leon A. Clark, resigned. The appointment of Attorney Fraser, who is a bonafide resident of Albany, meets with general approval, and the city board is, being complimented on all sides for their thoughtfulness in "patronizing home industry."

Fraser is a young man, active and alive to the interests of Albany. He is a graduate of the State University at Ann Arbor, Michigan, and is fully competent to give Albany excellent professional service, which he intends to do.

### 5-Year-Old Boy Had Close Call

(Albany Argus)

Little Joe Canale, 5 years old, who was accidentally shot by August Homer, 17, will recover. Joe received a load of duck shot in the shoulder from a gun young Homer was carrying, and which was accidentally discharged when switched from one shoulder to the other.

### Dr. Osler Did Not Take the "Chloroform Route"

(Albany Argus)

Dr. Osler, physician and scientist, who advocated chloroforming "old spavs" at 60, claiming that men had spent their usefulness at that age, died at his home in London last week. Osler was 50 years of age, "shy" ten years of the time when he should have artificially "shuffled off," according to his theory.

## ALBANY NOTES

Mrs. W. B. Coleman has been confined to her home for a few days on account of illness.

Mr. Sutcliffe and family spent New Year's motoring through the country and report a pleasant outing.

Mr. and Mrs. Frank Acconero have rented the Nash home on Evelyn ave. They gave a house party to a number of friends on Christmas Eve.

Mrs. M. Sebbins visited friends in Albany Wednesday.

Mrs. Brown, wife of the pastor of the Methodist church, has been confined to her home on account of illness. She is reported as convalescent.

Jimmie Davidson, brother-in-law of Mrs. Jack Brown, was an Albany visitor this week.

Mrs. A. L. Lindquist and family enjoyed their New Year's dinner with Mrs. Curtis (nee Lindquist) in Oakland.

Mrs. Mamie Davis has been quite ill, but is now much improved in health, and is able to be out again.

Mrs. Earl Tenney had a very pretty Christmas party.

The R. J. McCullochs, corner Evelyn and Dartmouth entertained forty guests at their New Year's party. A most enjoyable evening was spent, all wishing the McCullochs many happy returns.

Mrs. A. L. Lindgren of 938 Evelyn spent the holidays with relatives in Stockton.

Mrs. H. P. Hoyt entertained the teachers of Marin school Monday afternoon at her home, 1675 Marin avenue.

The Terminal is on file in all the public libraries in Contra Costa county and has hundreds of readers.

## HER BEAUTY FADES

In a Southern camp a private was to be operated upon for appendicitis. A pretty nurse had been assigned to his case and the two became friendly prior to the operation. The head nurse observed this and decided that the efficiency of the nursing force would be increased if another nurse took the place of the pretty one. The change was accordingly made, but not until after the patient had been taken to the operating room. The new nurse was no beauty, but was on the job to care for her newly operated charge. As the ether began to lose its effect and his thoughts were still in a turmoil, the patient looked up at his nurse and remarked, "My God, how you have changed!"
